That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases. If we would properly investigate them and make use of them for the cure of the most common ailments of this country, we could save millions of dollars in the purchase of foreign drugs. Dr. Pierce's "Golden Medical Discovery" is a simple, natural, and powerful remedy for all ailments of the blood, including skin diseases, such as eczema, psoriasis, and leprosy. It is a true blood purifier and a powerful tonic for the system. The reason why it cures these and many other ailments, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. J. C. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cure it is constantly making of women's many peculiar ailments, weakness and derangements. Dr. Pierce's Favorite Prescription, as is simply attested by thousands of testimonials contributed by grateful patients, has been cured by it of catarrh of the bladder, of irregularities, prolapsus, and other ailments caused by weakness, ulceration of the uterus and ovaries, and other ailments of the female system. It is a true blood purifier and a powerful tonic for the system. The reason why it cures these and many other ailments, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. J. C. Pierce, of Buffalo, N. Y., to all sending request for the same.

Both the above mentioned medicines are wholly made up from the genuine extracts of native medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried out by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle wrapper.

THAW TO FIGHT FOR LIBERTY.

Mrs. William Thaw, mother of Harry K. Thaw, is prostrated at her home in Pittsburgh, Pa., over the news that her son has hired an outside attorney and is prepared to try to fight his way out of Matteawan. It is announced by one very close to the family that the entire Thaw family will join in a movement to prevent the slayer of Stanford White from getting out of the insane asylum at the present time.

That Harry's move is a great surprise, too, is known by the fact that the Thaw family had not thought Harry had any money with which to go outside the family's choice of attorneys for help. This proves to have been a mistake, however, since, from one close to the family, comes the story that Harry K. Thaw, some time before his second trial, cunningly secreted about \$120,000 to be used in just such an emergency.

This money was drawn from his mother, his two sisters, Mrs. George Carnegie, and the Countess of Yarmouth, as well as his own brother, Josiah Thaw, who recently contributed \$80,000 each in a real estate deal in Harry's property at Pittsburgh.

Fearing he might be sent to Matteawan and that his family might not move quick enough to get him out, Thaw is said to have converted all this into cash and had it placed, through a trusted friend, where he could lay hands on it for outside legal help if it came to trouble. This he is now using.

THE STRIKE IN CHESTER.

Carrying no passengers, cars manned by nonunion men were running yesterday on all of the lines of the Chester, Pa., Traction Company, the employees of which have been on strike for more than a week. The cars are not accompanied by details of the state police, as the strikers and their sympathizers are not molesting the crews. The strikers are advocating a boycott, and some of them have "buses in operation in competition with the company.

Both branches of the City Council met Monday night and the traction company was severely criticized. Council lauded the local police for their "efficient" service and blamed the traction company for the present condition of affairs. Council approved a message of Mayor Johnson, which complimented the strikers, citizens and police for their "peaceful behavior during the trying circumstances of the past week."

Six resolutions were adopted by Council which may mean an expenditure of nearly \$100,000 by the traction company for municipal improvements along their lines.

The nonunion crew of one of the cars of the company was arrested yesterday by the local police, charged with ignoring a city ordinance in not ringing the gong of the car, when approaching a street crossing.

"E. C. DeWitt & Co., Chicago, Ill.—Gentlemen—In 1897 I had a disease of the stomach and bowels. In the spring of 1902 I bought a bottle of Food and the benefit I received all the gold in Georgia could not buy. May you live long and prosper. Yours very truly, C. N. Cornell, Rodine, Ga., Aug. 27, 1906." Sold by W. F. Creighton & Co.

FIRED ON CAR.

After a week of quiet in the street car strike, with the State troops present to preserve order, Peninsula, Fla., was again thrown into a turmoil yesterday afternoon, when a mob of twenty-five men attacked a street car in the suburbs of the city and probably fatally wounded the conductor, G. Hoffman.

Following this attack, W. L. Wittich, Jr., a stenographer, was fired upon by unknown persons as he was approaching a car in the city to ride to his home.

While the city was quiet last night, considerable nervousness was shown on all sides, further outbreaks being feared. The car that was attacked had just started from one of the suburbs for the city. The mob suddenly appeared and attempted to board the car, but the car was started ahead at full speed. The crowd then opened fire, riddling the car as it dashed away, three bullets striking the conductor.

An alarm was turned in, and a provision company of mounted troops went double quick to the scene. The crowd had dispersed, however, when the troops reached the scene, and no arrests were made.

Adj. Gen. Clifford B. Foster last night appealed to the labor leaders to prevent violence and disorder.

CATHOLIC MARRIAGE LAWS.

While in most of the Catholic archdioceses and dioceses of this country the prelates have issued statements regarding the enforcement of the new regulations concerning engagements and marriage it was learned Sunday in Baltimore that Cardinal Gibbons has made none, and is believed to be waiting for some modification.

In sending a copy of the new regulations Kennedy's Laxative Cough Syrup acts promptly yet gently on the bowels, through which the cold is forced out of the system, and at the same time always inflammation. Sold by W. F. Creighton & Co.

tion through his archdiocese the cardinal inclosed a small circular, directed through the chancellor of the archdiocese, in which he stated that the inclosed regulations were to be accepted until further changes might be announced.
It is said that a conference of the archbishops will be held at the Catholic University shortly to discuss the advisability of suggesting modifications in the decree. Cardinal Gibbons will preside, and it is believed several important changes will be made.
